

# DELAWARE FAMILY SUPPORT HUB

## IMPROVE YOUR HOME VISITS

### WHY YOU SHOULD USE THIS APP:

In the past, it has been a challenge for Family Support Specialists to fully prepare the necessary materials for visits and to manage unexpected needs. With our app, you can forget about the stress of digging through emails or waiting for printed materials to arrive. Here's how it could make your day better:

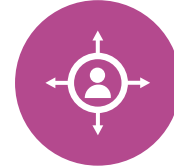

#### EVERYTHING IN ONE PLACE:

Find all the materials, resources, and information you need quickly, all in one spot. No more searching everywhere for what you need.

#### CHAT IN REAL TIME:

Talk to other Family Support Specialists instantly through our messaging feature. Share tips, ask for advice, and work together easily, all from your phone, tablet, or laptop.

#### HELP ON THE GO:

Run into a surprise during a visit? No worries. With our app, you can find additional resources right away and send them to families directly, making sure they get the information they need quickly.

### FEATURES:

- **Browse Resources:** Check out our full collection of helpful tools, organized by relevant construct and benchmark.
- **Share Information Easily:** Send valuable resources to families right from the app, making communication smoother and faster.
- **Find Local Services:** Learn about nearby services and support groups to help families even more.
- **Download Forms:** Get to important forms and documents quickly, which means less paperwork for you.
- **Connect with Colleagues:** Talk with other Family Support Specialists, share knowledge, and support each other.
- **Update Your Profile:** Keep your details current, including your skills and what languages you speak, to better work together and network.
